

Organize a curbside food drive

A contactless and convenient way to support our community

What is a curbside food drive?

A curbside food drive is a **contactless** and **convenient** way to collect food for our hungry neighbours while adhering to public health and safety protocols. Your curbside food drive will: **raise awareness** about hunger in Mississauga, **build a sense of community** in your neighbourhood, and **safely support our hungry neighbours**.

How it works

- The Mississauga Food Bank delivers and picks up food drive supplies to organizers
- Participants pull up to the curb of the donation location and remain in their vehicle
- Organizers and volunteers move donations out of vehicles and into donation boxes

5 steps to get started

1. Set a goal - four donation boxes fit about 1,000 pounds of food
2. Choose a venue that will allow for a good traffic flow
3. Select a date and time and assign responsibilities to volunteers
4. Register your food drive with The Mississauga Food Bank
5. Promote your curbside food drive among your network - connect with us on social media

Working towards a Mississauga where **no one** goes hungry.
